A PLACE TO CALL HOME

Just before the 2024 holiday season, Nyesha Coleman and her young son, Amir, moved into their very first home—a dream made possible through Habitat for Humanity and support from Crossroads United Way donors like you. After years of unsafe and unstable housing, Nyesha now has a safe place where Amir can play, grow, and thrive. With the stability of homeownership and the financial skills she gained through the program, Nyesha is building a brighter future for her family.
